

SCOOP Attendance Guidelines

To avoid confusion or issues in regard to attendance at SCOOP events, please observe the following guidelines that we hope cover all scenarios:

1. **If you are attending as a troop** (as with any Girl Scout event)

- Leaders RSVP to the SCOOP event organizer and make sure troop complies with appropriate adult/girl ratios
- Chaperones should be registered adults
- Leaders must have permission slips and health forms
- If this is a high risk activity, please refer to the activities listed under safety checkpoints on the GSWNY website and review the specific points with the girls

2. **If your Scout is attending a SCOOP event as an individual**

- No drop and runs by parents – please make sure your Scout is safely acknowledged/registered with the SCOOP group before you leave
- Scout must RSVP to the SCOOP organizer listed on the flyer with a copy (cc email) to the troop leader along with a downloadable version of her health form
- Scout must bring signed parent permission slip with appropriate contact information and give to SCOOP event organizer
- With some events: did SCOOP organizer advise that there are enough adults to comply with adult/girl ratio? If not, Scout must attend with a registered adult

When in doubt, contact the SCOOP organizer and your leader!
